WORKING PAPER

To: [redacted]  
Army Member, [redacted] Working Group

Subject: Army [redacted] Briefing

1. In preparing for your forthcoming briefing to COMIREX/NPIC personnel, I drafted the attached notes to remind myself to assure that these matters were covered and answers or opinions were secured. [redacted] (deputy) suggested that I send these over for your information and consideration when developing the content of your briefing.

2. Perhaps in your briefing to me many of these were addressed and I have forgotten the explanation provided. It is difficult to listen to a briefing on a complex subject and to be thinking of all of the possible ramifications and questions.
